

Our water, our future: communication, collaboration, and adaptive management for improved stormwater quality

CALL FOR PRESENTATIONS

20th Annual Stormwater Conference

Albuquerque, New Mexico

August 19-23, 2018

US EPA Region 6, in partnership with Texas A&M University in Kingsville, Albuquerque Metropolitan Arroyo Flood Control Authority (AMAFCA), Bernalillo County, South Sandoval County Arroyo Flood Control Authority (SSCAFCA), Municipal Separate Storm Sewer Systems (MS4s), and States in R6 are requesting submittal of abstracts for presentation at the 20th Annual Stormwater Conference to be held August 19-23, 2018, in Albuquerque, New Mexico. You can contribute to making this an exceptional conference by participating with a presentation. The organization committee is particularly interested in any case studies or implementation examples from MS4s. How did you do it? What challenges did you encounter? How can our attendees learn from your experience?

To submit your proposal please click or go to this link:
<http://ce.miramsmart.com/TAMUK2018/login.aspx>

***Note: The following information will be required:** presentation title, author(s): name, contact information and brief bio (100 words max for bio), target audience, learning objectives; and abstract (1200 characters max for abstract). You will NOT receive a copy of your submission.

DEADLINE FOR ABSTRACTS IS FRIDAY, APRIL 27, 2018

PRESENTATION CRITERIA

- ◆ Presentations can be of two lengths:
 - ◇ (1) Not to exceed 20 minutes with 10 minutes for Q&A
 - ◇ (2) Not to exceed 45 minutes with 15 minutes for Q&A
 - ◇ Presentation time should include time for introductions
- ◆ Only educational content should be submitted for consideration. No abstracts will be accepted if they include marketing material or content.
- ◆ Presentations will be selected based on any of the following criteria:
 - ◇ Appeal of the subject matter
 - ◇ Technical merit
 - ◇ Originality of content and materials
 - ◇ Quality of content addressing multiple levels of expertise
 - ◇ Demonstration of useful tools to implement in stormwater quality protection
 - ◇ Creative ideas for regulators.
 - ◇ Advanced research topics and innovative technologies
- ◆ This conference supports and enables knowledge sharing. By submitting abstracts and presentations, you are agreeing to the release and distribution of that content to conference participants after the conference, in a manner that may be accessible to the public.

PRESENTATION TRACKS

- ◆ Stormwater Management Programs
- ◆ Construction & Industrial Stormwater Management
