2019 EPA Region 6 Stormwater Conference

July 28 - August 1, 2019

Denton, Texas

Responding to Change: dynamic stormwater management in economic, political and climatic transitions

North Central Texas
Council of Governments

CALL FOR PRESENTATIONS

21st Annual Stormwater Conference

Embassy Suites by Hilton Denton Convention Center, Denton, Texas

July 28-August 1, 2019

USEPA Region 6, in partnership with Texas A&M University Kingsville, the City of Denton, and the North Central Texas Council of Governments, along with the Municipal Separate Storm Sewer Systems (MS4s), and States in R6, are requesting submittal of abstracts for presentation at the 21st Annual EPA Region 6 Stormwater Conference to be held July 28-August 1, 2019, in Denton, Texas. You can contribute to making this an exceptional conference by presenting. The organizing committee is particularly interested in any case studies or implementation examples from MS4s. How did you do it? What challenges did you encounter? How can our attendees learn from your experience?

To submit your proposal please click or go to this link:

<http://ce.mirasmart.com/TAMUK2019/login.aspx>

***Note: The following information will be required:** presentation title, author(s): name, contact information and brief bio (100 words max for bio), target audience, learning objectives; and abstract (1200 **characters max for abstract**). You will NOT receive a copy of your submission.

**DEADLINE FOR ABSTRACT SUBMISSION HAS BEEN EXTENDED
UNTIL FRIDAY, MAY 31, 2019**

PRESENTATION CRITERIA

- ◆ Presentations can be of two lengths:
 - ◇ (1) Not to exceed 20 minutes with 10 minutes for Q&A.
 - ◇ (2) Not to exceed 45 minutes with 15 minutes for Q&A.
 - ◇ Presentation time should include time for introductions.
- ◆ Only educational content should be submitted for consideration. Abstracts will not be accepted if they include marketing material or content.
- ◆ Presentations will be selected based on any of the following criteria:
 - ◇ The appeal of the subject matter.
 - ◇ Technical merit.
 - ◇ The originality of content and materials.
 - ◇ Quality of content addressing multiple levels of expertise.

- ◇ Demonstration of useful tools to implement in stormwater quality protection.
- ◇ Creative ideas for regulators.
- ◇ Advanced research topics and innovative technologies.
- ◆ Panel discussion topics are welcome – Interested submitters should contact Christi Upton or Kim Jones (see contact information below) for that particular topic format.
- ◆ This conference supports and enables knowledge sharing. By submitting abstracts and presentations, you agree to release and distribute that content to the participants after the conference, and may be available to the public.
